

DECLARATION BETWEEN HOST AND WWOOFER WITHIN THE FRAMEWORK OF WWOOFING

The host

We,....., as members of WWOOF France Association, declare that the people we welcome into our home are either family members or friends, (and who may also be members of wwoof.fr), or people who have joined wwoof.fr because of their commitment to its principles of exchange and mutual help.

- they come to share in our lives and activities because they wish to discover the world, to make new friends, to get closer to nature, to learn about the practice of organic farming, permaculture, eco-construction or other environmentally sound techniques...

- this is a free and egalitarian relationship between responsible and autonomous people.

The WWOOFer is a volunteer, that is to say he/she offers help with no expectation of any form of compensation.

- we invite them to participate in our activities and they contribute at their own pace according to their desires and abilities, like friends who lend an occasional hand.

Therefore we do not expect a particular outcome from our guests. Similarly, we do not promise them an apprenticeship program or qualification, but we simply ask them to be available so we can show them our way of doing things (without any guarantees!).

- we have subscribed to a liability insurance that covers us for any damages for which we would be liable, but we are not responsible for the liability of our guests.

The WWOOFer

(To be completed, if necessary, for every WWOOFer that comes to your property)

Me, member of WWOOF France Association, firstname.....lastname.....

email (registered with WWOOF)....., WWOOFer welcomed by

.....in/on..... state that :

- participate in my host's activities in a free and voluntary way.

-my membership in WWOOF France does not include insurance: I acknowledge that I have taken out civil liability insurance that would cover me for damages that I would be responsible during my stay.

- would like to discover, through practical application, organic farming, permaculture, eco-construction or other environmentally sound techniques.

- would like to participate in a simple, ecological family life close to nature.

- am free to choose the length of my stay and where I go as well as my pace of life.

- am happy to participate in the activities of.....

.....

.....

.....

- am also here to get away from pollution and breathe fresh air !

Family Name, First Name:
